Video: Does God Really Exist? “People of Science believe in Axioms and Rules of science that they are yet to prove. They just accept them by faith. For example: any real number to the power of 0 is equal to 1. This is an axiom of indicies that is yet to be proven, yet it is simply accepted to be true although no evidence suggests it. However, with all the logical evidence of an intelligent design of the universe that surrounds us they cannot believe that there is a God.”

Video: Various Videos “Hi, I hope all is well for you and your family. I believe that God has truly worked greatly through your Ministry. Thank You.” (Cynthia)

Video: Various Videos “I love your preaching! I have recently found some of your teaching on you tube and I plan to watch more! I gave up secular TV and the news because it seemed to be leading to indoctrination into Globalism. I used to watch FOX News as a Fair and balanced source but when they called Max Cleland who had lost 3 limbs in Vietnam a "Traitor" and un- American for him calling the unwillingness of Bush to testify under oath Alone (like a Commander in Chief should) I saw that no matter the source it is all leading to Globalism and The Beast! I then decided I would only watch Bible Studies and Documentaries with a Christian world view in my leisure time instead of filth and propaganda. Thank you for allowing the Holy Spirit to lead your life and for inspiring me to follow! (John from Georgia)

Video: Various Videos "Dear Pastor Crone my name is Philip. I search for pastors and teachers who know the bible and teach end time prophesy that's how I found you on youtube I was so delighted that you were teaching current events ie: world bank, imf, nwo and how satan is keeping people especially born again believers so busy that they have lost contact with their Father. My dad was a pastor he struggled with his spirituality which left me disgusted with the church I am now 60 and just now learning to love God. I wasted a lot of years, I was a little jealous to see you so young and on fire. I will pray for you that you reach other sleeping believers so that they read their bibles and prepare to meet our loving father. I hope that you will have other messages of encouragement in the future." (Philip from Ohio)

Video: Various Videos "Hello Pastor Crone, I don't know if it's just a North Dakota thing but it seems like many clergy up here are afraid to teach sound Biblical truth. God's Word has been watered down so much it's easy for me to understand why many churches have excepted Darwinism, and tolerate compromise in every area of life from homosexuality, to abortion, to modesty in our dress. Growing up I went to many different church's (Lutheran, Baptist, Assembly of God, Non-Denominational, and Charismatic). Their style was different but the message always seemed to be lukewarm. It wasn't until my wife and I went to an Answers In Genesis seminar in 2002 that my passion for the Lord and His Word was ignited. Last year I went on Itunes looking for teachings on Creation/Evolution and that's when I found your teachings. I was truly amazed to hear you Boldly preaching from the pulpit about Creationism. I've been going to church my whole life and have never heard preaching like this. I searched out your website and my wife and I started listening to your other sermons. We started a small gathering in our home and listened to your 'Back to the Basics' series. We had some great discussions after each meeting but after starting the series 'Will The Real Church Please Stand Up', the eagerness to meet every week dissipated quickly and now we no longer meet. My wife and I still listen and our kids loved your sermons on Dinosaurs. I would really like to talk with you sometime about a couple subjects that I feel passionate about and I wonder if you would search the Scriptures and correct me if I'm wrong in what I have found. One of these subjects is concerning who disciples or educates our children. Should I entrust the training and discipleship of my children to secular teachers in public school, or even Christian teachers in a private school, and even

Sunday School, or are my children my responsibility to train? My wife and I have started homeschooling our children this year and have seen a lot of resistance from people in our own church. The message I get from most in the church is that they don't feel equipped to teach their own children and I think it's a sad reflection on the elders in our churches. My second issue is in the area of pro-creation. My wife and I are expecting our 5th child (Feb.15) and several of the people in our church who I told asked, 'was it planned?'. If it were guys at work who asked me that I wouldn't be so surprised but my brothers and sisters in Christ?! The Bible doesn't mention birth control but it does mention children being a blessing in psalm 127:3-5, it also mentions in many places to 'be fruitful and multiply and fill the earth'. Why are protestants so silent on the issue of birth control when the Bible is so clear on how important children are to God and that He is ultimately our provider so we shouldn't be worried about that? I realize there are extreme cases and we shouldn't be legalistic about things but just think of what our world would look like if we would populate it with Many children who are properly trained by parents who are sold out to trusting God's Word. One of the big problems, at least it was with me until about 3 years ago, is that many Christians don't read the Bible like they should. We know enough to be religious but not effective or empowered. My wife and I read through the entire Bible every year now and have for 3 years. I never understood before until now how important it is, if I want a relationship with my Lord, to read His Word. Every year I learn more and more and hope to teach my kids. Thank you so much for your ministry Pastor Crone. Along with my daily Bible readings, my wife and I grow in our understanding of who God is by your teachings and we are so grateful. God Bless you and I hope we get to talk sometime. I would love it.” (Robert from North Dakota)

Video: Various Videos “Thank you for your ministry. I trust things are going well in your new location.” (Vernon)

Video: Various Videos “Hi Pastor Billy, I just wanted to send you a word of encouragement. My husband found your website (not sure how but I'm sure it was a God thing) and we have enjoyed your sermons so very much. My husband and I feel like we have had a major spiritual awakening this year and have seen God's Truth in a new light. But we seem to be having trouble finding other Christians who are fully awake to the myriad of deceptions satan uses to keep Christians asleep and churches dead. Praise Jesus we found your website. We can tell that you are awake and preaching the TRUTH, not watered down "churchianity". We praise Jesus for the gift of teaching that He has given you. Please be encouraged and continue to do God's work in helping to wake up Christians in these final days. I pray daily that more and more Christians will wake up and become fully aware of satan's schemes, embracing the power that we all have in Jesus. We pray for you and your ministry. I recommend your site to many. May God continue to bless it and multiply it to the ends of the earth!! Sincerely.” (Ginger & Earl from Arkansas)

Video: Various Videos “My daughter shared the Revelation series with me and it has turned my life around . I called myself a Christain ; However when I had a chance to tell someone about Gods salvation, I denied him and his existence. In college I studied world religions and the lines became blurred because my faith wasn't there and I was

vulnerable, but I had all the answers right? It has taken many years to come back to Gods grace. Your friend in Christ.” (Janet from Oklahoma)

Video: Various Videos “Hi, Billy, Thank you for your message! I plan to donate again soon to help your ministry. I woke up last year and now see this world differently. When I listen to your sermons, I realize you are awake, too! When I first began talking to my wife about how the world had us deceived, she became angry with me. But then I found you online and began encouraging her to watch your videos with me. I downloaded some of your videos, then played them on our TV in the bedroom, and my wife and I watched about a dozen of your sermons together at night after the kids are in bed. Having her watch your videos has helped her be more agreeable with me and you have helped her wake up, too. She is more likely to listen to other men before me. I try to not be jealous and just be thankful that she is waking up so she can prepare herself for the Lord. Your sermons help build my faith and let me know that I am not crazy and that there are others out there that take God seriously. You do take God seriously. This world is full of conspiracies. The biggest conspiracy of all is that the world has been put to sleep and has forgotten God, as you clearly know. Satan obviously has control of the broadcast media companies and more. I don't want to bore you with a long email, but I have recommended you to others. I agree with your sermons on almost every detail, from your series on a Judged Creation to the mark of the beast with RFID and QR codes. I really enjoyed your series: *Secret to a Peaceful Life*. I enjoyed your history lessons with men that "had a life worth living for", including the ones that were burned with fire because they remained loyal to the Lord. I feel like the Lord has helped me see what some of the next steps could be in the great deceptions to come. He did not give me any authority, but I have had dreams that are unlike any other dreams I had before I "woke up". Have you had dreams? Actually, I was born again, as you were. You have a big head start on me. I am happy for you. I was only born again about 7 months ago and am now 39 years old. I have two small children (like you, I think) and I home school them now and teach them about God daily. I make videos for the Lord now. I have already prayed for you and have asked the Lord to bless you. I will be sending you another donation soon, probably after I watch another one of your videos. Keep up the great work! I will continue to watch your videos!” (Earl from Arkansas)

Video: Discipleship 101 “This was a really good study brother. Those verses in Galatians would scare me, cause If I was honest I was walking in the flesh at times. But now I understand the war is in the mind and your victory depends on who you feed the spirit man or the sinful nature. Thanks, keep preaching pastor billy.”

Video: Various Videos “Billy, I am so glad that we have access to pastors like you that speak 100% TRUE Sermons. I have watched every single video that you have created. I am wondering when you will be getting back on the Book of Revelation Sermons. I belong to Woodside Bible Church in White Lake Michigan. I like our church but only wish that we had someone like you to teach us. I think that they are afraid that the numbers would go down. (We have about 9,500 members and 8 locations throughout Metro Detroit). I am a leader for the Celebrate Recovery group here on Thursday nights, Jesus has delivered me from being a drug addict for the past 20 years. I would like to start passing out your videos to Celebrate Recovery group and many others. I am currently in-between jobs right now and I would like to give you a donation soon for them. I am a web/graphic designer and would love to help you out with any upcoming projects. Below is my contact information if you can possibly send me the Last Days or Book of Revelation series. Thanks for taking the time to read this and please contact me if you need anything designed for either web or print. Have a Blessed Day,” (Pete from Michigan)

Video: God is Love “I just wanted you to know that I woke up this morning thinking of the song "I need Love"...very old song. I thought of God and got up before the family. When I searched for it on iTunes I found your series of "God is Love". I downloaded the first sermon and listened to it. What a wonderful sermon. I can't wait to listen to the entire series. We are members of Prestonwood Baptist Church in Plano, Texas and I love to be able to listen to sermon on a road trip or on TV. You changed my life today by making it better. Have a wonderful day and thank you!” (Kari, Child of God, Wife and Mother of Three beautiful gifts from God from Texas)

Video: A Fearful Creation “Dear Pastor Crone: I just want to thank you again for the excellent work you have done "A Fearful Creation". Even though I already knew many of those things, it has been a real blessing to have you present it the way you did. I also thank you for sending me your videos on Revelation in the past. The Lord allowed me to teach that book for the first time. It took me about 6 months and I still feel like I left half of it out. It has also been my great joy to see my own website grow from about three visitors a day to close to 100 visitors a day. I'm praying for you and your ministry.” (Terry from Texas)
