Video: A Fearful Creation “One of my hobbies is fossil hunting. My son and I have found teeth from the extinct megalodon shark that are over 5 inches long! They were amazing creatures. We watched your Young, Intelligent, Special and Judged Creation series, and they were eye opening. I always knew in my heart there was something incredibly flawed with this billions of years thinking, but never felt equipped enough to challenge it. Your work in this area and your ability to communicate Biblical insight flips on the light, so to speak. Now, whenever I find a fossil and even on our trip to the Grand Canyon last Fall, I look at these wonders with different eyes. Our son is learning the truth as revealed in the Bible, and we are so much more confident in our understanding of those Biblical accounts.” (Keith)

Video: A Fearful Creation “Brother when we watched your A Fearful Creation DVD’s my kids loved it, they say its cool that they still could be alive and that they havent been dead for 65 million years. They have gone to school and told there teachers that they didn’t die all that time ago, there teachers said that’s crazy they responded if they did died all that long ago why are they still alive today? lol I have taught them to be bold about there believes in the bible lol” (Steve)

Video: Various Videos “I just wanted to say first I love your whole creation versus evolution studies. I've received and watched almost all of your creation discs as well as a bunch if others. Of course I know I'm not suppose to wrap my mind around heavenly things because I will never understand completely until I am with the father in heaven. I have been teaching Sunday school for young adults at my church and actually got a chance to preach Wednesday night service a couple of weeks ago. I love studying the word of God and being able to help others understand it. (Lee)

Video: Various Videos “Good morning Pastor Billy. How are you doing? I hope all is well with you and your family. Thank you for all that you’re doing to help the body of Christ. My family and I are praying for you. God bless!” (Heinzel)

(Mechillen from The Netherlands)

Video: Various Videos “Dear Pastor Billy crone, you may never meet me in your life here on earth but I would like to call you one day to thank you for what God has done through you. I been in your studies from back in 2007 to now. I listen to your sermons everyday, repeating them day by day. I honestly think that being in God's spirit is totally possible nowadays, as John was 2000 years ago, God may not show a revelation to you, but, just to hold your heart and tell you. "I love you" - Jesus the Christ, under which all heaven and earth will bow down and praise forever and ever. I would love to thank you for all Gods done in your life. May God bless you in all that He does. Jesus Christ is my King. Jesus Christ is my Lord. But most important to me Jesus is my Daddy (father). You know that God the father held me, in his arms and said here's a family and if it wasn't cause of that, I would of never had the opportunity to watch your videos, and instill, and remember who God really is. I loved your illustrations about your wiener dogs OH THERE HE IS AGAIN just opened my heart to God saying, I'm still here, will he say he loves me today, Oh its not yet night, I'm still here, waiting. I thank God for all he's doing through you. I am praying for you right now. Its not impossible to not be 100% of your day in prayer, i am praying for you everyday, thanks again. in Christ's Love. P.S. Meet you in Heaven.” (Nathan from Texas)

Video: Various Videos” Hey Pastor, can you send me some of your media, I just wanna get it out where I live in Borger Texas. Our church does the media program but there is some stuff to help motivate them, but more importantly the lost need to hear the Gospel of our Lord Jesus Christ.” (Nathan from Texas)

Video: Various Videos “To whom it my concern, if you'd allow me I'd like to play Bro. Crone's material over my web-radio station. It would still be going out again to a worldwide audience. Please let me know if I am allowed to play this material.. and I will be glad to put it into my station rotation of ministries.” (Rodney)

Video: Various Videos “Hi Billy, I came to believe in Jesus Christ a short while ago and you were a great help to me on that journey. I thought I'd prove the bible wrong quite quickly but found myself having to face reality - that the bible is true. One of the things I thought would be easy to show the error of the bible was dinosaurs, as I was under the illusion the bible never mentioned them. Your sermons on the subject had a powerful effect on me, and I've been sharing it ever since. I'm making a little website to share some of the different aspects of the bible most people are unaware of. I just did my first interview the other day on the subject of 'aliens', essentially exposing them for what they really are. I would love to do an interview with you if you have any spare time, perhaps on the subject of dinosaurs, or even a more general subject. If you don't, it's no problem, I'm just putting it out there. God Bless.” (Edwin)

Video: Various Videos “Pastor Billy crone hey my name is Oswaldo from Las Vegas my brother showed me your video sermons and its really being a blessing to have that information that answers allot of my questions. And most of all its a real wake up call as

a Christian to bring people to Christ. God Bless Thank you for the videos you post up its a real blessing.” (Oswaldo from Nevada)

Video: Various Videos “Hey Pastor Billy! Greetings in Christ. I am a born again Christian who was saved in 2010. I found out about you on youtube and I think your ministry is really great. I especially like your videos on spiritual warfare (Attack of the Killer C's and Terrible T's), as well as your Young Earth Creation series. They've been a real help to me as well as others I have shared them with. I really respect your ministry and I am grateful to the Lord that you're out there telling the truth. I was astonished by your statistics that indicated that 50 percent of the church doesn't believe in the Holy Spirit! Another 50 percent doesn't believe in satan either, which means the enemy has already won there. I never realized the state of apostasy the church is in..which I know makes it more important than ever to get the truth out. Take care, and I am enjoying your study in revelations. God bless you.” (Joshua from Montana)

Video: The Final Countdown “Billy, I love what you do and the devotion to saving the unsaved. That final countdown presentation is spot on. God bless you brother and please drop me an email if you get the time.” (Gaz from UK)

Video: Various Videos “Thank you Pastor Billy Crone for all your uploaded material on Get A Life Media and Youtube from NFBC! I have been watching your videos since I was saved last autumn - 26 September 2010. I prefer your material and anything about Jesus and God Almighty and the Holy Spirit and the Bible over the worldly music and self-centered interests that previously consumed me. I don't feel religious, just very grateful and now fascinated. I never knew the Bible was so amazing! Thank you for putting yourself and your congregation out there. I am sure Bible prophecy and Internet media have opened y'all to a lot of scoffing and attack. I really appreciate it! Lastly, would you join me and a group of people in waking at 4AM (your local time) to pray for the leaders in the Church (Bride) to submit to God and to pray for revival and restoration of the unsaved. God bless you and your family!” (Tomas)

Video: Radio Interview “Thank you for your crucial ministry. Heard you on Stanley Monteith's program. You are presenting the evidence from al culture's history which confirm the Word of God. We Christians need to learn this information so we can relate it to unbelievers when we give the Good News of salvation through God's only Son, our precious Savior Jesus Christ!!!” (Steve & Lora from England)

Video: Various Videos “Mr. Crone, I enjoyed the phone call from you the other day and I thank you so much for sending me the dvd's. I look forward to sharing them with all whom I can get to watch them. I really appreciate the help. May God bless you and your ministry. I also look forward to the updated versions of the Final Countdown series. Hopefully, since you have relocated to California, you aren't having any more chicken drive-by's. I really think that it is funny that you have such a dislike for chicken. Thanks again and have a great day!” (Wayne)

It just makes me so happy and thankful that I know where I've been wrong with my walk with Christ, and how I've made my prayer with God the way I shouldn't have. God bless you, Billy. This was very convicting to hear, and very motivational at the same time. What is man that God is so mindful of us?! Praise the Lord!!”

Video: The Secret to a Peaceful Life “This is very powerful. It has been a year and a half now that I have had no TV. I quit cable initially to save money and then just sold my nice and big state of the art 37" flat screen TV because it seemed useless without cable. For about a month or two I really missed watching television, but now I don't miss it at all. I have noticed more peace in my life simply from giving up TV.”

Video: What Does the Bible Say About UFO's? “Thank you for the teaching!”

Video: Various Videos “Hey Pastor Billy, I spoke to you when you were in NY and you shared some of your media with me. You have inspired me to do the same with what I'm gifted with. Art. I've designed a t shirt featuring 1 Thessalonians 4. It features some shoes falling to earth after a guy gets raptured and 3 goats looking up in bewilderment. I wanted to share the design with you in case you wanted to have some printed up for yourself. Free of charge, of course. This is to let people know that the time is short and the Lord is returning soon. Thanks and God bless.” (Lori)

Video: Various Videos “Hi, I'm hoping this email will reach Pastor Billy Crone. I am a 23 year old girl from Wi and I'm a new Christian. I watch your videos all the time when I am trying to find new ways to follow Jesus. I absolutely adore you and what you're preaching. You are just so inspiring. I want to be the best servant for Christ that I can possibly be, but I know I am still doing a lot of things wrong. I think about Jesus all the time, and I try to read the bible as much as I can. I am very interested in being a righteous biblical Christian. I was raised in a home with no religion whatsoever, and up until about

two months ago, I never went to church or owned a bible, but my eyes were miraculously opened to the new world order and lots of other things, and I wondered why. And I found my answer in the bible and in many of your sermons. I am still getting used to this, too. I try to pray as much as possible and obey the bible as much as I can. I know we all fall short of the Glory of God, but I still don't feel like I'm doing all I can. I try to spread the good word, and I have debated my un-saved friends, trying to tell them the truth. But i know there's more that I can do. I haven't yet been baptized and I'm still searching for a church in my area with inspiring teachings like yours. I've tried a few churches, but none of them feel right, maybe they are dead or still sleeping I guess. Any helpful advice from you Billy, especially finding a good church and how I can get baptized and and life my life for Jesus. You are doing a great thing Billy, don't let anything stop you. And keep posting videos, they are so inspiring. Thank you, you are helping me infinitely.” (Patty)

I have been studding your 10 series "final countdown" sermons and have been inspired to continue to spread the Love of Christ to all I know, although I feel as Lot & Noah did in the case that no one will hear the truth and turn to God for salvation. Wickedness abounds I look forward to seeing you in Heaven for I see these end time events all around us. God bless your ministries and you family Sincerely. (Brian from North Carolina)

Video: Various Videos “Dear Pastor Billy, I see that God has taken you into the "belly of the beast" in Vegas. There sure is a need there and especially I would think your background would greatly help in meeting the challenges there. I just watched your testimony in the last week on some website and it was fascinating to say the least. Isn't God faithful in keeping His eyes on us. You've come a long way in a short time. I am continuing to watch more of your teaching series and find myself shouting out loud "Amen" regularly. The Niagara folks will surely miss you. I will be requesting the DVD's once I figure out what are my priorities. How can I help you? I was a nominal-distracted/deceived by the world Christian for many years until the last few years when through a series of circumstances, all painful but necessary, God reminded me of who HE is and who I wasn't. Mostly as a result of discovering Chuck Missler's online and DVD ministry. I have been fortunate to discover many of God's other wonderful servants and finally feel I'm back on the road. As Chuck reminds us...finish strong. I'm sure you will. I am praying for your ministry to bear much fruit, not only in Vegas, but worldwide. A brother in Christ.” (Bob from Florida)

Video: Various Videos “Thank you, I just started watching some of the movies that you have sent me. Thank you so much for them. You probably have been told that you are really funny. The way you produced the movie, A Fearful Creation, is just marvelous. I have been addicted to the series. The way that you present the facts would make an evolutionist jealous. I would like to also give a thanks to everybody in your Getalifeministry, it has been so helpful to me and my spiritual walk with the Lord. I WILL be ordering more videos from you. I continue to pray that your ministry will be more and more fruitful. May God our father bless you.” (Jacob)

Video: Various Videos “hello Pastor Billy! I have to say what a blessing it is hear all these messages...so far so much to hear. We have spent alot of nights listening and i need to catch up on some sleep haha. But its all worth it. My name is Rebecca and my husband is Peter. We have 5 children, Joshua, Anthony, Zachery, Matilda and Daisy. I had 3 before we were married and Pete had 1. Now we have had another girl who will be 1 this month. We live in Tasmania, that island on the south east of Australia. We have come to a realisation that our church is not reading the bible as much as it should and i am concerned where it is heading. It is a Pentecostal church, which i was raised with and Pete has been a christian for about 4 years now. I have always thought something just aint right with some churches today, particularly ours. I have come to the point where i cant step one foot into that church again. The things we are told, eg stop idolizing your family and serve the church! The problem in our church is there are too many marriage problems and nothing gets done about it. I mentioned what Jesus said about church discipline and i

was told we are not to judge when people are sinning! Are they serious!!! I am generally a quiet and shy person and i try to avoid conflict, but now i just want to get out and say something loud!! I am going to be collecting your media to help me. We get mocked for reading the King James bible, unreal. The pastor invited us to tell him if we thought what he was saying was wrong about speaking in tongues. So I did by email. Someone else got back to me about it and he wouldn't come himself to talk to me. I have always been told that speaking in tongues is apart of christian life, but i now i dont think so at all. I have looked through the scriptures and looked into sermons on sermonaudio.com. it amazed me the complete difference in what you and few others on there preached. WOW!! I have never ever heard the true gospel about Jesus and what it means until i listen to you and also Paul Washer. I could tell you my whole life story the way i am going! Anyhow, what a gift God has giving you to tell the world about Jesus Christ our Saviour. I hope and pray that these messages will spread around the world. I cant wait to show my friends and family the DVDs when we get them. I hope they get through to people. The rev 2.2 i think when you was talking about the DARPA and the sound in our heads really freaked me out and that is something everyone should know before it could happen. Hope to hear from you sometime, but just letting you know that a couple of people from little old Tassie have watched your media and hopefully more will real soon. May God bless you with more great and important media to share to all.” (Rebecca from Australia)

Video: Various Videos “Mr. Pastor Billy Crone- Hello good sir, my name is Stuart de la Rosa. I am contacting you in regards to your ministry and the positive works that you are involved in. I first heard your preaching on Radio Liberty with Dr. Stan Monteith and was impressed with your passion of Jesus Christ and intrigued with the information that you present on the last days. Our sovereign Lord has blessed you and has placed in my heart that I get in contact with you. I have been on the radio for 14 years, starting off in college and community radio and advancing toward short-wave and commercial radio. I use underground Christian hip-hop as a vehicle to get the message of the Gospel to the doubters and unbelievers and would like your help in providing more information to my listeners. I am asking of your permission to use and quote your works on my website to expand truth and knowledge of the coming of our King. Unfortunately I was reprimanded for my use of Jesus Christ's name over the airwaves so I decided to use the website that I set up for my radio show to get the information out. I am in the infant stage of preaching and ministering to others and need more references to help me navigate through Bible so that I can provide a clear defined message. I have done 16 weeks of preaching the good word over short-wave radio and realized that leading the unguided is a strong calling in my life. I appreciate your time and your efforts in Christ. Respect.” (Stuart)

Video: The Secret to a Peaceful Life “I turned on the TV today, i have only recently been saved and stumbled on a show that i liked, Family Guy. I have found that this show promotes atheism and perverts Jesus Christ. I was stunned! my eyes were opened and could recognize evil. Now i think to myself of how i could be so blind. Thank you Billy. If i were to visit the states i would definitely go to one of billy's preachings.”

Video: Various Videos “Yea u preach the truth Billy i like your preachings and teachings have being very blessed and helped by what u teach and preach God Holy Spirit Jesus

Christ has lead me along to u for a reason i was kicked out of a church about 5 weeks ago the reason why is i believed that a true born again Christian cannot lose Salvation. so yea i did like Paul did i just shake off the dust off my feet and move on lol God Bless u billy.” (Dale)

Video: Various Videos “Hello Billy, Thank you so much for the meat that is in these pieces of media. You all that are involved in this are such a blessing to the world! Thanks!” (Emmy from South Dakota)

Video: Various Videos “hi Pastor Billy, :) I seen you had posted not long ago about possible live services in Vegas soon. :) I'm pretty excited. :) I also wanted to tell you that I ran into a couple here who knew who you were by listening to you online. I stopped at a garage sale looking at their homeschooling stuff and it is christian centered and that got me thinking more on the topics we talked on when it comes to the public school system. Anyway, they had told me that (her husband) I forget his name, but I have it written down. :) anyway, ramble ramble. :) the wife said her husband would listen to you all the time online and that is what lead him to Jesus and now his life has turned around and is on fire. I was like that is soooo kooooool! I just wanted to tell you that people are even touched that haven't even talked to you are touched by your heart after Jesus. I been meaning to share this with you. We exchanged numbers. It was just kool. I was just dropping into a garage sale. I can't remember how I brought you up. Something reminded me and I'm sure I asked if they heard of you and they did... they got pretty excited about it. How kool is that!!!! :) But.... as soon as your back on air, we will soooooooooo tune in.... :)” (Angie from Michigan)

Video: Various Videos “God has blessed you with so much wisdom. Great men of God like you are few but are so much needed in churches today. See you soon!” (Michele)

Video: Various Videos “I've been a Christian for about a year or so now, but actually I'd have to say more like six months because I was reading and not understanding anything I read and I didnt want to go to church by myself, I knew I had all this hate and hurt inside and realized didn't want to be this person I was anymore. I am the only Christian in my family and in my work family as well, which happens to be the same people. I struggle on a daily basis to be the example Jesus wants me to be, but it's hard. They are purposely making it harder for me. They don't want to hear anything about God and have asked me to stop reading my bible at work even during the slow periods there and also to stop talking about God to people. This is extremely hard because this is my own family doing this to me and I work 14 -15 hour days, 5 days a week, I also still live in there house as well. God has provided me with a friend that also is in love with the Lord but she too is also extremely busy herself. I want you to know that your lessons have been a blessing to me and I hope that you would keep me in your prayers. I'm sure this e-mail is long enough, but if there is a prayer you need specifically from me don't hesitate to contact me even though i will pray for you and your family anyway. I just wanted to let you know that your lessons have helped me see how God wants our lives to really be. I'm so happy to have this unexplainable joy that fills me everyday! Thank you for your help! With Much LOVE.” (Candice)

Video: Various Videos “Hi :) I have been wanting to send you a message but nerve's and fear of sounding like a complete fool kept me far away!.. *sigh* but here I am,I hope your time in vegas is pleasurable and your being received well.I hope your family is doing well too! your children look so adorable!! I will try to keep this short and sweet,as i am sure your mighty busy. I was raised in the salvation army church,that's where my roots are.I have always tried to remain humble in my faith,i was raised in a church filled with humble preachers. I cant tell you how much of an impact YOU are having on people and the world at large.. i remember looking up at those giant preachers and just standing in Awe of them,they were men of GOD. It's been a long time since i looked at a man of God with awe in my eyes,it's been a long time since i have heard a man speak the TRUTH about God. I just wanted to let you know,i watched a video of yours "what does the bible say about ufo's" i knew i hit upon a man who was divinely inspired by God. a very long story short,from the age of 15-26 i believed in aliens,and as they say,once you open the door way for one kind of evil a million others start to come in,next thing i know i am believing in this star seed stuff,astrology,wicca you name it anything is up for grabs because of course it's all blended together.. celestial brothers,ascension pleiadian incarnate yeah.. that was me,or so i believed,my head was so confused i wouldn't know right from left,and i started second guessing if i want to be a christian.finally God dropped the Ball.. he sat in silence as i sat with my wicca book in my folded lap looking at all the deities,the book was telling me to pick a god/goddess to worship,i remember like it was yesterday,i was in chapter 3,i made it to chapter 3... but here was what was going to break my camels back God was going to let me decide,it felt like the world stopped,i realized at that point and i actually did start to cry that i couldn't give God up,as sinful and as unfaithful as i had been thus far.. i did LOVE God. God finally gave me insight that this alien phenomenon was all a cover up for a larger lie at work,satan was planning on using this whole alien phenomenon as a cover story to millions of christians disappearing. I was stunned,had God not extended that 'olive branch' and let me know i still probably would be battling with this whole alien belief now.. and it would have left the door way open for alot of other things in my world.. but God pretty much was fed up and done with my silliness. God is amazing,and fortunately i have learned from what i went through,my dabbling is done with,with the Help of God of course. Satan is fighting a good hard battle to pull me back into that life.. and i do have to say your video series called "God is personal" and "the secret to a peaceful life" is helping me understand not only how the world influences me,but also how my lack of effort in communicating is cutting off my line to God. so thank you deeply for everything your doing. I wish this world had more preachers like you in it!!. as much as we need to worship God,we need to be REMINDED of God daily,teaching,even if it's repetitive is a good thing.. cuz it drills it into ppl's heads. and in this world man.. is it easy and quick to forget about God in this world. so thank you again. Take care, sincerely.” (Jen)

Video: The Book of Revelation “Hi P Billy! My blessing came from the Revelation study on cleaning up your life and eliminating things that are keeping you from a closer walk with God. You were talking about TV and the trash that we watch, when we try to say, it's not that bad, in all reality it is! The Holy Spirit worked mightily in my heart about this. I had been hanging on to certain "harmless" sitcoms. Everybody Loves Raymond, The Nanny, Happily Divorced, and sometimes Reba. Once God cleared my vision up, I saw just how bad these harmless shows really are. They are filthy dirty and serve no purpose to life. I deleted all my episodes that I DVR'd and have not looked back. There's much more time for the Lord now. It's amazing how you hold on to certain things, but once they are gone it is so much better. The blessings are so much better...After all,, "or all things were created by Him and FOR Him" not for me!!! I am amazed at how I am playing the piano now, and the amount of songs I am playing! I can pretty much play my whole hymn book, plus a good part of the first one I had that we use on Friday nights AND I bought about 10 music books of hymns and beautiful Christian music. IT IS HUMANLY IMPOSSIBLE for someone my age 53, to learn over 200 songs! God is Amazing! Thank you for stirring it up. Thank you for making me examine my heart and make a change that needed to happen. You're the best!!” (Patty from New York)

Video: A Marriage Built to Last “Pastor Billy, I just recently found your MP3's on sermonaudio.com and just love the Marriage, relationship built to last a lifetime, and I just love it so much. I have downloaded each and everyone and it is a blessing and great help to myself and hopefully what it should be in a future marriage to this loving Christian man if it is in God's plan. It is good even regarding a relationship between a man and woman so we understand each other and how God wants us to live with one another and get along, and love in God's way. I have even shared your audios with a man I work with that can share with his wife. I wish you were in Huntsville, AL preaching sermons and have a church here or even in Tennessee where I might be living in the future. I think you are no longer in NY but now in a LasVegas church, am I correct? I saw a picture of your family and everyone looks so happy with God's blessing. I wish all of you God's blessings. I will look forward to more of your audios, you are a treasure and gift from God. Thank you so much. By the way, you have a good sense of humor with your sermons on the marriage relationship series, you make me laugh, yet it is all true. Thank you for your laughter and sharing that with others as well as your good sermons. God bless you and your family always. Sorry this has gotten to be a long message but wanted to share with you.” (Cynthia from Alabama)
