You have blessed and encouraged my wife and I more than you may ever know. God Bless.” (Robert from North Dakota)

Video: Various Videos “Actually got to preach last Sunday for the first time. not going to lie, before i got up there i was nervous and scared to death. but once up there after about three minutes or so i starting feeling pretty comfortable. what i did not expect though was how much fun it was. actually had a great time up there. Confession: used some stuff from one of your sermons, hope you dont mind, just could not help myself. needed some of the scripture and though the focus of the sermon was different some of the message still applied so just left it in. much more excited bout getting in school now. still little nervous but mostly anxious bout getting started. cant wait to get out of kansas and get in school. well have a good one and God bless.” (William from Kansas)

Video: Various Videos “Hi Billy, my name is Stephen i'm from Limerick in Ireland. You would know my friend Gary who has been talking with you in the past. I just wanted to send you a message to commend you on your DVDs and the work you are doing. Gary first began showing me some of your DVDs almost 2 years ago. While i wasn't a Christian myself at the time i still found the information very interesting. Your DVDs played a big part in giving me the curiosity to find out the truth which lead to me seeking out the lord in my own life. Just recently on the 24th of May the lord came into my life and saved me. My whole life was changed that morning and the past 3 months have been the best months of my life. Praise god. I just wanted to let you know that the work the lord is doing through you really is reaching people. Once i can get a credit card set up i plan on ordering your DVD's to have myself & to show my family and others. Also your new videos The final countdown are great! Having trouble downloading them though. Hope to hear from you soon. God bless bro.” (Stephen from Ireland)

Video: Various Videos “Hi Pastor Billy, I received vol 1,2 &3 of the Final Countdown yesterday, thank you so much, at least we now know that the postal system is working. If possible, could you please send the remainder of the Final Countdown series and after that the Fearful and Young Creation sets. These are especially for my children...as you know our children are being bombarded with evolutionary teachings on a daily basis (both in school and through television programs) Instead of watching television we’ll watch your DVDs together...Just another interesting occurrence that I’d like to share with you, I’ve been listing to your audio daily, and constantly share what I’ve learned with my 13 year old son and 10 year old daughter, specifically the facts around the biblical age of the earth and lies of evolution. Recently, during one of my son’s classes, the school teachers showed them a rock and said that it was millions of years old (typical evolutionary teaching)...my son challenged him from what I’ve shared with him. The teacher obviously became quite upset...The Lord has truly blessed us through your material and I’d like to give my children the knowledge to stand up for God and what we believe in. The message from God to share what I’ve learned from your material is getting stronger each day. After I started to listen to your audio in Aug this year I subsequently started to share the gospel with my sister in law’s partner (they have been living in sin for a number of years and have 2 children) I also shared learnings from the “Marriage Built to Last” series. My wife in turn worked with her sister and through the grace of God we got through to them and they have decided to give their lives to Jesus, they are getting married on 10 November this year! I referred them to a local Pastor who is also a good friend of mine. They have been attending a pre marital course over the past 2 weeks and have started going to church. How awesome is the love of our Heavenly Father. My next mission is to get through to my brother and his wife. I believe that your material will greatly assist in breaking the barrier. Once again thank you and God Bless! (Michael from South Africa)

Video: Bible Prophecy Conference “Dear Pastor Billy Crone, we would like to personally thank you for being here in Calgary last weekend ministering to us. The Lord has used you in a mighty way to call people to rise up, go out and witness to the lost. My wife and I were volunteers during the conference. I was the time keeper on Sunday and briefly

introduced myself when setting you with a glass of fresh water. This was the 3<sup>rd</sup> conference we have attended. Each time, the Lord is blessing us as our circle of friends keeps expanding. There are so many hurting and broken people we talked to and ministered to at the conference. Calgary is surrounded by Indian reservations in close proximity. Here in Canada, they are referred to as First Nations reserves. I myself am First Nations Cree, my wife Brenda is Hungarian. I have been a Christian for many years, have attended Bible College and have immersed myself in Apologetics. The Lord has blessed me with discernment and I have defended the faith to the best of my God-given abilities and continue to do so. At the conference last weekend, there were 5 Blackfoot women from the Siksika First Nation (45 miles from Calgary due east). I introduced myself and my wife; we had the opportunity to listen to their hearts and burdens. Two of the ladies stayed at our house on Saturday night after the conference which gave us time to get to know them and listen more in depth to their hearts and concerns. These dear sisters in Christ are reaching out for help; they asked me if we would help them in ministry to the people on the Siksika Reserve. They are asking me to coordinate prayer groups, bible study groups and preaching/teaching the Word. Also, they are asking me to be in charge of lining up preachers, teachers and evangelists for future gatherings. Truly, the Lord is answering our prayers and giving us the desires of our hearts to minister to First Nations people. Other than the reason of thanking you personally Billy, I am sharing this with you because you were instrumental in bringing the message of hope and inspiration to these ladies. You also provided them a sense of urgency in their hearts to share Christ with as many as possible before our dear Saviour and Lord returns. My wife and I recently walked away from the church we have been attending for five years plus because they are slipping into apostasy. I have written letters to the pastoral leadership, had meetings with them as well, to address the false teachers they are introducing, embracing and promoting to the flock. Even after I submitted to them documentation proving these false teachers are heretics, the pastoral leadership defended them saying they were ok but that there are some things these teachers say and do that they don't agree with. Its rather obvious that the leadership don't really want to hear it and we are being shunned and ignored by the church leadership and some congregants. These false teachers being subtly introduced and promoted are teachers of New Age toxic poison! Some of these false teachers were profiled at the conference last weekend. The church that is a sponsor of the Calgary Israel Bible Prophecy Conference - Rocky Mountain Calvary Chapel, is the church we are looking at attending and possibly making our home church. By attending the past two Calgary Israel Bible Prophecy Conferences and a Learn to Discern Conference in Mission, British Columbia, we met a handful of brothers and sisters in Christ who attend Rocky Mountain Calvary Chapel. We continue to network and fellowship with them, knowing we know we can count on them for prayer and support regarding ministry to the people of Siksika Nation. I truly understand the need to be a part of church body, submit to their authority, have their support, blessings and commissioning. This is God's model and we want to be obedient in all things. The pastoral leadership of RMCC will embrace us but at the same time exercise caution in regards to commissioning. We are confident with the pastoral leadership at RMCC and know that we are going to be under sound bible teaching and doctrinal instruction. We need help Pastor Billy, please support us with lots of prayer. Pray for the First Nations people of the Siksika Reserve. We ask God to open lost ones' hearts and minds

to receive the “Good News” of our Lord Jesus Christ. The people of First Nations reserves encounter much poverty, illness, addiction, abuse, dysfunction, and last but not least, spiritual deception. On every Indian Reservation in the United States and First Nations Reserves here in Canada, you have Catholicism, Mormonism, Pentecostalism, New Agers, Word of Faith/Health & Wealth Prosperity teachers, as well as the Native Spiritualism in the form(s) of Pantheism and Panentheism. I believe the Lord will use us to be instrumental in helping First Nations people learn and understand “essential Christian doctrine”. My prayer and desire is to help people be discerning in their hearts and minds so that they will be equipped to stand against deception, false teachings and expose false teachers. Equally important is sharing the love of Christ for the lost and those in tremendous need. We will be using resources from your ministry as the Lord sees fit to aid us in the teaching and equipping the brothers and sisters in Christ on the Siksika Reserve as well as those who will respond the gospel of our Lord and be saved. God Bless you Billy.” (Tim & Brenda from Canada)

Video: The Final Countdown “Hi Past Billy, We’ve almost finished the first 15 DVDs on the final countdown, awesome material, a true blessing. I’ve seen a huge change in my 13 year old son. He’s truly been touched by your work and I once again realized that the way that we approach the youth needs to be different than in the past. They (and actually all of us) are being influenced heavily in society and seeing his eyes lighten up after realizing the truth has been amazing and I praise God for his mercy and love. It’s amazing how all of a sudden more and more people around us seem to be crying out to be saved. Yesterday my Wife’s brother and his partner visited, they know that we are born again Christians but never before discussed issues of faith or God with us. They noticed your DVDs and we started talking about what it entails. After some conversation his partner proclaimed that they need help and that they would like to get right with God. I was obviously overjoyed and gave them copies of your audio and DVDs. We’re also planning a visit to specifically witness to them on how Jesus have come into our lives and the difference it has made in a cruel ungodly world. God Bless Past Billy, I’ll be in touch!” (Michael from South Africa)

Video: Various Videos “Hi Pastor Crone, greetings to you and your family..I trust that your trip to Canada went well and God blessed you all and most of all that souls were saved and Christians taught the word of God. I have written to you before concerning the Final Countdown DVDs. I am just trying to jog your memory as I guess you get so many e mails. We have now started our night services and praise God Almighty so far they are going well and young people have given their life to Jesus, and Paul has started a discipleship course as well to get them grounded in the word. I now know why Paul has never wanted to start a church before, and he only preached in different churches as needed, and of course in the church where we now attend. I pray to God daily for the wisdom He gave to King Solomon. But we trust in God that if we do His Will He Will build His church. I mentioned to you earlier that we have no teaching on the subjects you talk about in the Final Countdown. I have been showing the DVDs but the morning church people do not come and the night service, are going through a discipleship course, but when that is completed i hope to show them OR better still God willing we just may get Pastor Billy Crone out here in person!!!!!!!!!! That I think is even better. But I of

course leave it up to God. We also hope to show them, when we get a youth group up and running,,,,,,,,,,,,,,,,,,,,,but its very difficult whilst Paul is still working full time and now involved in church. I do pray that when the time is right that God will take care of it all, in His time. But here in Australia, we want to extend to you our hand of friendship I Jesus, and we, (our group) hope to have some one here. Unfortunately I hate to admit this Pastor Crone, but there is no such teaching here on the end times, or let alone what's happening in Israel, and we are just getting the same line, that God is love and He loves us and we can run to him with our problems and requests, etc etc. etc.....I did a little test and asked some Christians, "what do you know about Israel, and the answer is a blank look, and "why, nothing really" I was witnessing to my brother last weekend when he came up to Melbourne and I was telling him about the prophecy that Israel would be burning the weapons in the Ezekiel war of chapters 38 and 39. And I said, Do you know that Russia now makes weapons from the strongest wood in the world." (I listened to your DVD) and he said yes I know, that's why I went to Darwin they are planting them there and I went to see if I could take my business there",,,,,,, Well Pastor Crone, I almost fell out of my chair. You see he and my older brother drive buses and were thinking of moving the business up to Darwin (Northern Territory) and he told me some one is trying growing them up there!!!!!! Well I was excited, I thought you might like to know. Well now I am rambling on. I do pray God will let you come to Australia to awaken the sleeping churches. I pray God will bless you once again as you continue till Jesus comes for His people. Your sister in Christ. PS was the trip to Canada videoed? And can I purchase them please." (Annette from Australia)
