Video: Various Videos “Hey Billy. Just stopping by to tell you to keep it up and to encourage you. It's amazing the way the Internet can change the impact of ministry. You have no idea of the ways God can impact people's lives that you have never met or seen. It reminds me of Jesus talking about how when you plant a seed you don't know how it works but God makes it grow. So I found you along time ago and God led me to you and others in my greatest time of need. Your ministry has been shared throughout my family. My brother got married lol and his wife, a baby Christian, was wanting to learn more about God and so obviously we encourage her to read the word her self, but we out her on a Get a life seminar lol. Anyways it's cool to see someone who was clueless biblically become so thirsty and interested in the word. The problem that ministries like yours addresses is the way we learn in this modern age. Anyways I was finally able to give to your ministry today and am super glad about that. I think it's amazing how you just send out the videos to people free of charge... Obviously the money has to come from somewhere. I truly have been blessed by your willingness to be obedient to God. I'm praying for your family and for your strength spiritually Billy. Thanks for everything. I always thought people just said things like this but you really changed my life. It's been like 5 years I've been watching your stuff now. Alright. Have a good week! And I'll keep sharing your media lol!” (Dustin from Oregon)

Video: Various Videos “I live in Knoxville TN and first saw you on Prophecy Watchers. I have been watching your videos on The Final Countdown. I just wanted to let you know how much you have blessed me with your teachings. Thank you so much for teaching the whole counsel of God. I am 65 years old and I miss the preaching that challenges us, we need more preachers that are not afraid to teach “thus sayith the Lord.” God Bless you and your ministry.” (Dean from Tennessee)

Video: Various Videos “Love your Ministries from country NSW Australia. Sad to have to watch a true preacher of God's Word online. No Baptist/protestant pastors left here for 104km. Attended a divided church for 10yrs and got Baptised. Thank you and your Baptist Ministries being on air.” (Kathy from Australia)

Video: Various Videos “Hi Billy, thank you for all your hard work which I benefit from. I and the family have watched so many DVD's you have done. Right now it's "One Minute into Eternity....". Good stuff. Hey, I own a few companies raising \$ for schools and scouts. We raise 2.5 million for schools in FL alone, where I live. I have an idea that has been bugging me to tell you. Wouldn't it be a good ministry tool to sell t-shirts and other items with the Inca Stone carvings on them. The conversations might be ... "What is that?" ... "It's a picture of an Inca with a dinosaur drawn by the Incas on a stone. They apparently lived with the dinosaurs". God bless you and your family!” (Scott from Florida)

Video: Various Videos “Good day Pastor Billy. Pleased to meet you and thank you for the acceptance. Your teachings is really a great blessing for me and my hubby and basically all we do every weekend. You feel like part of the family and would love to meet ya down here or in heaven. Please make a mental note lol I'm downloading like a mad person on a slow connection and one laptop and would love to spread it throughout

South Africa. I'm struggling a bit with the format and some ppl say they don't have sound etc. But I'll get there. May God bless and keep you. Regards.” (Tirsa from South Africa)

Video: Various Videos “Thank you so much for your series on the Final Countdown Update. I have purchased several forms of the media and have begun using them to teach the Men's group on wednesday nights. Thank you again for your calling and faith. Back last February I was called to begin a ministry for the local men in Bicknell, IN and it has now grown into a 52 Men, across three states, daily devotional/encouraging word ministry with 12-14 Local Men attending wednesday night services. I have renewed my live with Christ (long tale like everyone else about walking away and living for me story) and have taken the role of "Armor Bearer" and Swordsman for our Pastor and congregation. My wife and I had a Music Ministry years ago and God has slowly begun restoring that as well with many area churches having us come share and I have even begun to preach in a few little communities around the way. Anyway...Thank you so very much again, for answering your calling and for your testimony, witness, and teachings. God Bless you and your family and looking forward to "Skynet" series!” (Darby from Indiana)

Video: In the Days of Noah “Hi pastor i am a farmer from saskatchwan canada i live about 100 miles north of montana us / canada border. I am watching your series of sermon's on times of noah. I am a born again christian although don't really attend church as we live 50 miles from closet town. Could never figure out how the flood fit in to the whole history of the earth thing. It makes perfect sense to me now. God has blessed you and us through you. Great sermons our prayers are with you. Just wanted to let you know that. I am married (32 years) three children two grandchildren loving wife. If we are ever in vegas would love to attend one of your services. Keep up the good works. Much respect.” Don from Canada)

Video: Various Videos “Hello Pastor Crone, I've been enjoying your videos and unique style of preaching for years now. You have a very upbeat and fun way of getting God's message out there. It's great that you show people where the world is heading and why we need a savior and to have His protection and peace and rest knowing we have a new eternal life after our earthly bodies die. I am currently living in Thailand. I have been here for over 4 years. I am saved! God truly bless you and your family. Your brother in Christ.” (Kristopher from Thailand)

Video: Various Videos “Hello Pastor, let me start by saying Thank You and I thank God our father and our Lord Jesus Christ for the gift that he has blessed the body with through you. I have been set on fire through the teaching you have done on the countdown and I hope God would add more fuel to those flame so they may never go out. I have been asleep and now I feel like I have been violently awoken and disoriented, I do not want to make wrong decisions based on the influx of information you have provided, but to be led by God as I stomp out the devils grip that I have allowed to permeate my life and my family. I want to start with the withdrawal of my children from public school, and I am seeking information on home schooling, you mentioned in one of your broadcasts that if

we needed information on home schooling we should ask. Thank you for your guidance.”
(Alton from New York)

Video: Various Videos “My wife and I appreciate you and your ministry. You are a true blessing from God! Please let me know if you need anything. You are always welcome to visit. I wish you had some time to visited the Washington DC area. Let me know and I'm happy to show you around. Keep in touch!” (David from Virginia)

Video: Various Videos “I was never a great Christian if you could ever call me that at all. I loved going to bar and hanging out with friends who were on an assortment of drugs and played with meditation. I drank heavily but nothing much else. I was at the bar 6 days a week. I worked 2 jobs so that my second paycheck could go to drinking. I have also felt God existed. That was about it. One day I left the bar. Just got up and walked out and never went back. I think God has a way of doing things you don't understand at first. I would often watch UFO video and conspiracy videos and any other fun video because I found it more entertaining than God’s word. I started to feel a certain way when I would watch it that i can't describe. I went from thinking it was cool to hoping I would one day get to see aliens. I would get weird feelings about what I was watching though. I couldn't put 2 and 2 together. My wife and I didn't feel like we were getting what we need from the church and stopped going. It was a crazy time. One world government, one world religion, and felt something was wrong with the world and church. I started to believe that the end of the world was coming. I felt paranoid. I started to think that the Church had been saying this same story for a long time. No big deal. It's a bit funny how God can lead you down a path.. or chase you with a stick in some cases but I felt like I was being moved to something (not knowing if it was God or me going crazy). I felt when some of the things on the internet were true or not. I felt feelings like, "that is evil and no good and you need to leave that alone." or "hey that video makes sense." As I looked for meaning and answers I found myself doing a lot of thinking. Months of it. Over a year. Then, I finally got baptized about a week ago. Not long after I found your video on youtube. It happened to be lumped in with some of the crazier videos on aliens and lizard people. I had to have more. I looked up your website and found all your videos. I have been watching for what seems like weeks but has really been like 2 days and I am more than half way through all the Final Countdown series and that is with watching 1/3 of them twice after getting so excited that I made my wife and 8 month old child watch them. My wife thinks they are amazing and my son really likes that opening song with all the rock style music. I tell you what, that boy will not take his eyes off the screen during when the opening song is playing. I found something out when I watched them. I am not crazy. You put together in those videos what I couldn't make sense of. The videos that I felt good about during my youtube addiction lined up with what you have been saying. God prepared me to not scoff at your word. I know it is true because I have been looking at the same videos, the same conclusions about evolution and same thoughts about the modern Church. Your message brought it all together and gave me so much more information that I haven't seen before. You have the message of the hour. It is a message that I know people will look at as fear mongering and hateful and miss the point completely. There is love in this message and hope. We are in the last days. I write this to let you know that how far this message has reached and thank you for not

holding back. I live in a land of new age hippies, Olympia Washington. Thank you for this. It has been a huge blessing and wake up call for my family. Thank you and God bless.” (Al from Washington)

Video: Various Videos “Hi Billy, I really enjoy your amazing videos that are spot on!! I became a Christian at 8. Then slowly, I was being attacked, not realizing it. Then got subtly lured into the New Age/occult stuff and boy, was I deceived! So now, I'm back as a full blown born again Christian and have totally changed my life around for God's will. A lot of what you present makes sense and was truly instrumental in turning my life around back to Jesus. So thank you for all you do!! I am praying for you. With warm regards.” (Suzee from Hawaii)

Video: Attack of the Drones “I saw your program on Prophecy in the news yesterday about the drones yesterday. I pastor a small church and teach a small discipleship training course and use some of your material in my messages and teaching. Thanks.” (Dennis from Texas)

Video: Various Videos “Hello, I just wanted to write a quick note to thank you for making your sermons and documentaries available for free online. I'm a painter and have lots of time to study via ipod. smile emoticon. I've been so blessed by your series on the creation and Noah's ark, and recently listened to the one on UFOs. Having come out of New Ageism as well, that one really hit home. I also participated in channeling and communicating with "ETs" and "ascended masters." I got majorly demon possessed 18 years ago and cried out to Jesus to help me (on my way to a padded cell). I woke up the next morning born again! God is good! I haven't stopped preaching the Gospel ever since. My heart breaks for those who are enslaved to demons like I was and I pray that God uses your ministry to set people free from the enemy's deception. Thank you for all you do. In Christ. (Chris from New Hampshire)

Video: Various Videos “Dear Brother Billy, We are going to a new church, 1st Baptist Church of Lockport, LA. I hope to train people how to share their faith, biblically, and to start a discipleship program. If I have your permission, I would like to use the workbooks from your website as well as your teaching on those subjects. Thanks. Your ministry is making a difference.” (David from Louisiana)

Video: Various Videos “Dear Pastor Crone, I've been working my way through your videos and notice that you do live radio. I would love to tune in, but being in the UK, cannot. Might you consider making your radio show available as a podcast, perhaps via iTunes? Thank you so much for your excellent videos. As a returning Christian, you have given me the information and inspiration I badly needed. Best wishes.” (Arlene from England)

Video: Various Videos “Howdy from Kilgore, Texas brother. I was showing my oldest daughter one of the "Truth About Dinosaurs" vids. She was a bit shocked to learn that we spoke on the phone a few times, then as i was looking over some news sites a link led to a link and there was your name so I figured I would give you a holler, so...Hey! I gave

most of the dvds i had to a video rental store (yes they still exist, well at least one) run by a brother of ours, they are there waiting for anyone to borrow them, usually there are a few missing too. I am hoping to attend the conference in Dallas, it'd be great to shake your hand, maybe even bring ya some fried chicken! haha. By the grace of God we have our kids in a Christian school, and i can't tell you how many times other parents got offended because my girls told their kids that santa is not real. Truly we live in a world of universal deceit. If the lies weren't so ubiquitous, people weren't so willfully ignorant and chemically lobotomized, humanity might have a chance. Truly our only hope is in Jesus! Love ya brother, God bless you and keep you strong!" (Daniel from Texas)

Video: Various Videos " I still would love to come and join your ministry in Las Vegas. I may join my wife in February or August of 2016 for her business conferences in Las Vegas and come and spend time and help in any way that I can if you would approve. I was blessed by your presentation in Gettysburg, PA again this year and hope to see you there again next year, should the Lord tarry. Blessings, my brother in Christ." (Daniel from Pennsylvania)

Video: Various Videos "Hi Pastor Crone, I thank you so much for your ministry, and for making your resources available free online. My kids and I have gained so much through listening! Thanks!" (Cori)

Video: Various Videos "Pastor Crone, My name is PT, I'm a retired Navy Salvage Diver (and working at the Navy Dive school in PC FL.) and came across an interview you had done on one of the internet shows discussing RFIDs and your Drone video. I looked you up and found your website, GetalifeMedia.com and your other videos. I've watched your Noah series, & 80% of your videos and many of them, numerous times (go to sleep viewing them and have them on the background at work). My fiancée, also a Christian, loves watching them with me when I can get her to sit down for a moment. I received Christ on June 6th, 1982 while in College, and have been watching and mentally cataloging the "signs of the times" as they have been unraveling, and find that you have managed to capture much of everything that I have either witnessed or seen via video to make your point in witnessing for Christ. I have begun making copies of your videos and passing them out to friends and relatives. Thank you for allowing this, and for making these tools available for use in witnessing to others. You have done, and continue to do an excellent job presenting the material in all your series. I spend as much time laughing at your comments and jokes as I do watching the videos. You'd have made a good NAVY Diver in any Dive Locker I was at, with your quick wit and subtle sarcasm. I took a trip in Aug/Sep from Panama City Beach FL. to Seattle and back via Pittsburgh on my Harley visiting my son in the Air Force & his family and wish I'd have known of your church prior to the trip. I hope to make another ride next year and plan on making it to hear you preach first hand. I am able to personally relate to your testimony. Thanks again for all you've done and will do. p.s. what's up with chicken?... and moo (after you mention Romans)? I've yet to figure it out. May the Lord continue to bless and keep you & your family in all your endeavors. In Christ service." (PT from Florida)
